Dieuze, 29 May, 2013

Subject: Information letter.

Dear Customers,

In order to conform to the Article 3 from the EU regulation 208/2013, we would like to inform you that we sell you Mung Bean Sprouts coming from an above ground germination process of Vigna Radiata beans.

We would like also remind you that our products are Mung Bean Sprouts and not soya, they are produced without GMO and do not represent any allergic risk.

Always offering you a high quality product and always keeping your trust, this is our main concern.

Yours faithfully,

Mr LY Khai-Minh

General Manager
